## Superintendent's Message

Dear Staff and Teachers,

As we approach the finale of the year, please take some time to gather your thoughts and remember the impact you have made on our students. They are precious memories, that for many of us, keep us going through tough and happy times. I feel blessed to be in this position to serve the community of Los Molinos. It truly has been a great year!

Thank you everyone!

Joey Adame, Superintendent

## District Information— Committee Updates

### Curriculum Council:

The April meeting resulted in recommendation to follow through with district wide common writing prompts to be put in place in October and then again in mid March. The entire staff will participate in selecting a topic, providing articles for writing reference, and grading with a rubric. In addition, a change to a traditional math program with a 6-12 vertical alignment is in place. This will align and provide an opportunity for math students to prepare through AP calculus. Furthermore, there will be vertical articulation meetings 3 times a year to help align the core subjects of math, social science, science, and English. Finally PBL training was recommended for the summer of 2018 as we look to implement the system starting with the 2018-2019 school year.

### Technology Committee:

Thank you to all of those who participated in the technology committee meetings. We will be starting up again in the beginning on 2018-2019 school year.

# Los Molinos High School

April is probably the busiest month of the year at LMHS.

FCCLA was busy with a very successful Color Run on Saturday April 21<sup>st</sup>. It was very well organized; kids and adults all had fun. They also attended the State Conference in Fresno. Mrs. Jones does a tremendous job at keeping students focused as well as having fun.

The baseball team continued with a successful season and has now made the Division V playoffs. Check MaxPreps for schedules coming up.

It has also been the busiest month for the FFA as they competed at Consumes River College, Fresno, attended the State Conference in Anaheim, and are now at the State Finals at Cal-Poly San Luis Obispo.

State testing has also started and our students have now completed the ELA exams. We wait anxiously for the results and look forward to the Math test mid-May.

Several parents, teachers, and other staff welcomed students before school with motivating signs, balloons, and words of encouragement.

-Miguel Barriga, Principal

# Los Molinos Elementary

## **Math Night**

Los Molinos Elementary teachers work in collaboration with SERRF to put together a MATH NIGHT for our students. We had a great time learning some new math games and SERRF led the way by providing some great take home kits, bringing in CSU CalFresh to provide great snacks and home goodie bags.

## **Spring Band Concert**

A big thank you to Mr. Brian Reedy and our 4th-5th graders and Middle School Band Students for the amazing band concert they provided to our staff and families! They have worked hard this year and put on a great show. They will be performing a few more times this year at Grandparent's Day and Open

## **Squishy Spooner**

We would like to welcome Mr. Broxton Derrick Spooner to the world. Congratulations to our very own Samantha for creating such a beautiful bouncy boy!

-Jennie Bachmeyer, Principal

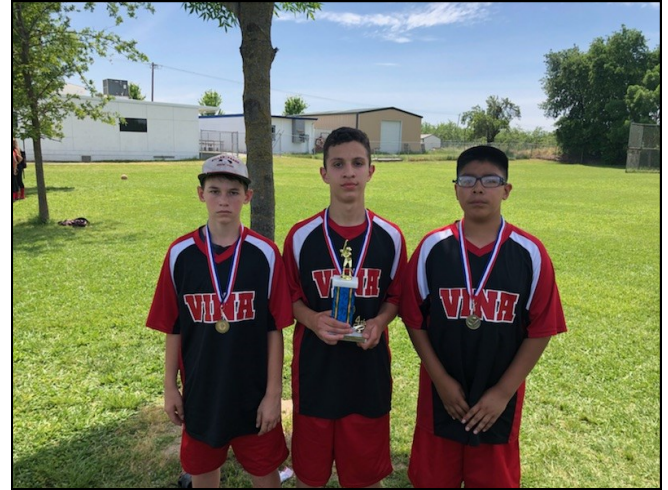

# Vina Elementary

In April we were busy prepping for the big test. 1st through 4th grade have been working on Mother's Day Gifts and Boys and Girls softball ended with a tournament. The coaches said it was a great year!  
These kids made All Tourney!

- Debbie Burgett , Principal

Nancy Gutierrez, Paige Coley, and Merysa Ables

Sam Elliott, Andrik Valladarez, and Bryan Cayetano

## April Student of the Month

Derek Burnham, T.J. Dymoke, Zach Boggs, Paul Vadney, Ramon Handy, Carolina Salas, Ava Workman

# Student Highlights

## **Los Molinos High School**

This month we highlight Skyla Ball. Skyla is a senior and has earned the top academic spot for the class of 2018. She has a 4.2 GPA and plans on attending Shasta College in the fall then transfer to UC Santa Cruz where she will major in astrophysics. She will be doing the Valedictorian speech at graduation. Congratulations Skyla! We know you will do well.

## **Los Molinos Elementary**
