Students shall receive full credit for work satisfactorily completed within a reasonable period of time, to be defined as at least a period equal to the number of days the student was absent from school . (Education Code 48205)

(cf. 5113 - Absences and Excuses)

Teachers shall assign such makeup work as necessary to ensure academic progress, not as a punitive measure.

If a student leaves on a weekend, before school begins, or on a non-school day for a school sponsored activity, all work due the first school day of the absence shall be submitted by the end of the first day the student attends a full day of school after the school-sponsored activity. As determined by the teacher, the assignments and tests shall be reasonably equivalent to, but not necessarily identical to, the assignments and tests missed during the absence. Students shall receive full credit for work satisfactorily completed within a reasonable period. In no circumstances, will students absent from class for school-sponsored activities have less time to complete assignments, tests, or projects than students who do not participate in school-sponsored activities. Students will not be required to submit work or take tests early because of participation in school-sponsored activities.

A report card mark of "incomplete" will be converted to an appropriate letter grade as determined by the teacher unless the work is completed within the specified time. Students are expected to keep up with their work regardless of the reason absent. Aeries online is a very useful tool for absent students, allowing you to see what was assigned for the day as well as e-mail any questions you may have. Students also have the ability to use Aeries to ensure all assignments have been turned in.

SCHEDULE CHANGES

Students will select their class schedule for the following school year in the spring. The counselor will be an integral part of this process and will ensure students are selecting classes that are appropriate for their ability as well as satisfying graduation requirements. Students may only change classes during the first TWO weeks of each semester. Please keep in mind that students may not always get the schedule of their choice due to class sizes and class changes are not always possible. Students who would like to make a schedule change need to have a plan for how they would like their schedule to be changed along with a valid and legitimate reason for making the change. Contact the counseling office for assistance with schedule changes.

Any absences less than 5 days will be considered under the regular attendance policy.

The LMHS office must be notified by the **PARENT at least 4 days prior** to the leave date in order to implement the program. In an emergency, please contact the principal to see if special circumstances will be considered.

CUTTING CLASS

Cutting class (**Period Truancy**) is a serious infraction. There is no “allowable cutting”. Teachers must account for students assigned during any class period. A failing grade will be given for all class work, tests and quizzes, labs or presentation missed due to cutting. Other consequences may include teacher assigned detention, administrative detention, parent conference, and referral to SARB.

18 YEAR-OLD STUDENTS

Regardless of age, all students at LMHS are treated equally under school policy. This policy includes attendance rules and guidelines.

The state laws of California require attendance of every person under 18 years of age. California Ed Code 48205 states as follows:

48205. (a) Notwithstanding Section 48200, a pupil shall be excused from school when the absence is: (1) Due to his or her illness. (5) For the purpose of jury duty in the manner provided for by law. (6) Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent. (7) For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board. (8) For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code. (b) A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefore. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence. (c) For

purposes of this section, attendance at religious retreats shall not exceed four hours per semester. (d) Absences pursuant to this section are deemed absences in computing average daily attendance and shall not generate state apportionment payments. (e) "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed references to "pupil."

CODE OF ETHICS FOR ATHLETES AND SPECTATORS

To achieve the proper goals of athletics, the school and public must be informed concerning the role of athletic education. School athletics are part of the education of each student as he/she is a participant or spectator. Athletics, as a part of the education program, helps to develop the responsibilities, which

belong to the league, the school, the public, and the individual. We encourage all students in each member school to learn the fundamentals of each game and to participate in each sport to the limit of their abilities. We further encourage all students to learn and understand the rules of fair play and good sportsmanship as well as the rules of the game so that they may enjoy athletics in the future as well as the present, as good participants and spectators. Inter-school athletics must aid in efforts to create good citizenship and the sense of fair-play central to American values and to maintain a wholesome environment for athletic competition for the member schools of the league.

The following is the SPECTATOR CODE OF ETHICS designed to help achieve our goals of athletic education:

1. Spectators are an important part of interscholastic athletics and should, at all times, conform to accepted standards of good sportsmanship and behavior.
2. Spectators should, at all times, respect officials, coaches and players as guests in the community and extend all courtesies to them. Expressing dissatisfaction with official calls in a loud or disrespectful way may result in expulsion.
3. Enthusiastic and wholesome cheering is encouraged.
4. Booing, stamping of feet and disrespectful remarks should be avoided at all times.
5. Bells, whistles or noisemakers of any kind are not acceptable and proper for athletic events.
6. During basketball games, when the free throw is attempted, there should be absolute silence regardless of which team is attempting the free throw.
7. As adult behavior affects student behavior, spectators should encourage all people to observe the League's Code of Ethics.
8. Those who do not respond should be reported to the proper school authorities immediately, and may be asked to leave the event.

Permits are required for all student vehicles parking in the parking lot. Penalties for misuse of automobiles may include loss of privilege to park auto on campus and/or suspension from school. Students are not allowed in the parking lot during school hours.

STUDENT HALL PASSES

It is important that students remain in the classroom throughout each period. If a valid situation necessitates leaving the classroom, then the teacher should provide an appropriate pass. Students are not to be in the hallways during the first ten and last ten minutes of each class period

TEXTBOOKS

Textbooks will be issued the first day of school during the class meeting. All textbooks are bar-coded. Students must turn in the same textbook that was issued to him/her. Students are responsible for the care of each textbook assigned to them. Stolen, lost books, or excessive wear and/or damage are chargeable to the pupil and parents. Students should have adequate book covers on each book at all times. Heavy wrapping paper or any commercial cover is adequate. Teachers will check periodically on textbooks, their ownership and condition.

Any damage to textbooks will be billed to the student.

Books left lying around in hallways, classrooms, or any other area will be picked up and returned to the Main Office.

COUNSELING

CREDIT RECOVERY

Students who are credit deficient may make up credits using the Cyber High system for failed classes. To focus on graduation, students should not wait in attempting to recover lost credits. Students will be completing credits during school and after school or in Summer School. Students will earn credits based on the completion of coursework in the subject in which they are deficient. See the Counselor to sign up.

SCHOLARSHIP AND GRANTS

Grants and scholarship information is made available to seniors by the counselor. Applications are available in the counseling office and students are continually notified of deadline dates, qualifications needed, where and how to apply. This information is provided to students in a Scholarship and Senior Information Book, posted on the school's counseling website, announced in the daily bulletin, posted in departments related to the scholarship or posted in the counseling office. The schools bulletin is the main source of distributing new information as it becomes available. The counseling department is responsible for making information available to the students and it is the student's responsibility to complete all applications and meet the requirements and deadlines. The counselor is available for assistance when needed, but the initiative needs to come from the students. Any questions concerning scholarship availability should be directed to the counseling office.

DISCIPLINE

EDUCATION CODE 48900.5 (a):

Suspension, including supervised suspension as described in Section 48911.1, shall be imposed only when other means of correction fail to bring about proper conduct. A school district may document the other means of correction used and place that documentation in the pupil's record, which may be accessed pursuant to Section 49069. However, a pupil, including an individual with exceptional needs, as defined in Section 56026, may be suspended subject to Section 1415 of Title 20 of the United States Code, for any of the reasons enumerated in Section 48900 upon a first offense if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to persons.

(b) Other means of correction include, but are not limited to, the following:

- (1) A conference between school personnel, the pupil's parent or guardian, and the pupil.
- (2) Referrals to the school counselor, psychologist, social worker, child welfare attendance personnel, or other school support service personnel for case management and counseling.
- (3) Study teams, guidance teams, resource panel teams, or other intervention-related teams that assess the behavior, and develop and implement individualized plans to address the behavior in partnership with the pupil and his or her parents.
- (4) Referral for a comprehensive psychosocial or psycho educational assessment, including for purposes of creating an individualized education program, or a plan adopted pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794(a)).
- (5) Enrollment in a program for teaching pro social behavior or anger management.
- (6) Participation in a restorative justice program.
- (7) A positive behavior support approach with tiered interventions that occur during the school day on campus.
- (8) After-school programs that address specific behavioral issues or expose pupils to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups.
- (9) Any of the alternatives described in Section 48900.6.

THE COMING AND GOING RULE (EDUCATION CODE-44807):

Students may be held to strict account for their conduct at school, as well as for their conduct on the way to and from school, during breaks, and during lunch.

PROCESS FOR SUSPENSION BY TEACHER (EDUCATION CODE-48910-48913):

A Teacher may suspend a pupil from class for any acts listed in our progressive discipline matrix for the day of the act plus one day following (two-day maximum). Immediately after suspending a pupil from class, the teacher will report the suspension to the Principal and send the pupil for appropriate action. As soon as possible, the teacher must ask the parents to attend a parent-teacher conference regarding the suspension. If practicable, a school counselor or psychologist should attend the conference, and if the parent so requests, a school administrator should be present. Instead of suspending the pupil, the teacher may refer the pupil to the Principal or Principal's designee for consideration of a suspension from school.

DETENTION (EDUCATION CODE-48900.5.(8))

After-school programs that address specific behavioral issues will be utilized as another means of correction to support proper student conduct.

DUE PROCESS IN SCHOOL DISCIPLINE (EDUCATION CODE-48911-48914)

Before a student is suspended, a conference with the student, and the teacher, supervisor or school employee who recommended the discipline referral must occur. At the conference, the pupil must be informed of the reasons for the disciplinary action and the evidence against him or her. The pupil will be given an opportunity to present his or her side of the story and any evidence in defense of actions leading to the recommendation of suspension. (This pre-suspension conference is also known as the *Goss v. Lopez* right to due process.) Anytime a pupil is suspended from school, a school employee must make a reasonable effort to contact the pupil's parents in person or by telephone, and the parents must be mailed the necessary documentation related to the suspension. Parents have the right to request a meeting with the involved parties to review the suspension, policies, and other matters related to the suspension.

STUDENT COMMUNITY SERVICE (EDUCATION CODE-48900.6):

Administration or designee may require a student to perform community service on school grounds during non-school hours, or, with parent permission, off school grounds. Such community service may include, but

not limited to, work performed in the areas of outdoor beautification, campus betterment, and teacher or peer assistance programs.

ANGER MANAGEMENT CLASSES (EDUCATION CODE-48900):

2002 amendment to Ed Code-48900 gives administration discretion to require counseling and an anger management program for a pupil subject to discipline.

IN-HOUSE SUSPENSION (EDUCATION CODE-48911.1-48911.2):

This section allows a suspended student to be assigned to a supervised suspension classroom for the entire period of the suspension instead of being sent home, if the pupil poses no imminent danger or threat to the campus, pupils, or staff. Each pupil is responsible for contacting his or her teacher to receive assignments to be completed.

CALIFORNIA LAW AND ELECTRONIC BULLYING

PENAL CODE: 528.5. (a) Notwithstanding any other provision of law, any person who knowingly and without consent credibly impersonates another actual person through or on an Internet Web site or by other electronic means for purposes of harming, intimidating, threatening, or defrauding another person is guilty of a public offense.

RESTRICTION OF RECESS AND LUNCH (EDUCATION CODE-44807.5):

The governing board of a school district may adopt reasonable rules and regulations to authorize a school to restrict for disciplinary purposes the time a pupil under their supervision is allowed for recess and lunch. Students are able to purchase a lunch through the school but will not be allowed to leave campus if assigned detention during lunch.

INITIATION/HAZING/HARASSMENT/INTIMIDATION

Physical or verbal harassment, physical abuse, profanity, slurs and any other actions or works, actual or perceived, are not permitted and could result in a school suspension.

Harassment based on gender, race, national origin, ethnicity, religion, sexual orientation, age, physical or mental disability, or any other basis protected by federal, state, or local law, ordinance or regulation to the extent protected by law is prohibited. Students who feel they are victims of harassment of any type may file a formal written complaint in the office. "Pantsing" will result in an automatic suspension and possible expulsion.

Los Molinos High School Anti-Harassment Policy

1. Everyone at Los Molinos High School has a right to feel respected and safe. Consequently, we want students to know that our policy is to prevent sexual harassment and harassment based on gender, race, national origin, ethnicity, religion, sexual orientation or disability.

g. Violent acts or threats

The report may be verbal or written. Students are not required to complete a written form, but if they want to use a form, one is available in the school office. They can also speak to Administration

1. Los Molinos High School takes seriously all reports of sexual harassment and harassment based upon gender, race, national origin, ethnicity, religion, sexual orientation or disability and will take all appropriate action to investigate such claims, to eliminate the harassment and to discipline any persons found to have engaged in such conduct.

1. This is a summary of this District's policy against sexual harassment and harassment based on gender, race, national origin, ethnicity, religion, sexual orientation or disability. A complete copy of the policy is available at the school office upon request.

Lost or Damaged Materials

Lost or damaged materials issued by the school will be the responsibility of the student or parents/guardians. These materials may include textbooks, technology based materials like computers and chargers, and other school issued materials. EC Section 48904(a)(1) holds parents or guardians responsible for the cost of replacing a textbook that is **willfully** defaced or not returned. Per EC 48904 (b) (1), student grades or diplomas or transcripts could be withheld if books and other school property is willfully damaged or not returned.

SPECIAL EDUCATION

The Individuals with Disabilities Education Act (IDEA) is a federal law that mandates a "free and appropriate public education" to children with disabilities. Los Molinos Unified School District follows the education code for special education to be in compliance with IDEA.

Students become eligible for special education services through a formalized process of evaluation. Anyone who suspects that a student is disabled may request an evaluation in writing. Requests will receive a response from the school site within 15 days. Usually a Student Study Team is asked to determine whether an assessment is necessary. If recommended, assessments will take place within 60 days of the initial request. If an assessment is not recommended, the Study Team will explain their reasoning in writing. Once a student has been assessed, an Individualized Education Program (IEP) meeting is held to determine a student's eligibility for services.

NON-DISCRIMINATION

The Governing Board of the Los Molinos Unified School District is committed to equal opportunity for all individuals in education. Los Molinos Unified School District programs and activities do not discriminate on the basis of gender, gender identity, age, sex, race, color, religion, ancestry, gender expression, national origin, ethnic group identification, marital or parental status, physical or mental disability, sexual orientation or the perception of one or more of such characteristics. The Board shall promote programs, which ensure that discriminatory practices are eliminated in all district activities. The following individuals represent the appropriate titles for communication purposes:

1. Title IX Officer: Superintendent, Mr. Joey Adame: 530-384-7826 ext. 1102
2. 504 Site Coordinator: Miguel Barriga: 530-384-7900 ext. 2104

UNIFORM COMPLIANCE PROCEDURES

Los Molinos High School has the primary responsibility to ensure compliance with applicable state and federal laws and regulations and has established procedures to address allegations of unlawful discrimination, harassment, intimidation, and bullying, and complaints alleging violation of state or federal laws governing educational programs and the charging of unlawful pupil fees.

Los Molinos High School shall investigate and seek to resolve complaints using policies and procedures known as the Uniform Complaint Procedures (UCP) adopted by our local board. Unlawful discrimination, harassment, intimidation, or bullying complaints may be based on actual or perceived age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationality, national origin, race or ethnicity, religion, sex, sexual orientation, or on a person's association with a person or group with one or more of these actual or perceived characteristics, in any program or activity that receives or benefits from state financial assistance.

The UCP shall also be used when addressing complaints alleging failure to comply with state and/or federal laws in:

Adult Education
Consolidated Categorical Aid Programs
Migrant Education
Career Technical and Technical Education and Training Programs
Child Nutrition Programs
Special Education Programs
Safety Planning Requirements

A complaint of noncompliance with laws relating to pupil fees may be filed pursuant to the local UCP. A pupil enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.

A pupil fee includes, but is not limited to, all of the following:

1. A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit.

2. A security deposit or other payment that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, clothes, or other materials or equipment.
3. A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.

Complaints other than complaints relating to pupil fees must be filed in writing with the following compliance officer:

Mr. Joey Adame, Superintendent
 Los Molinos Unified School District - (530) 384-7826
 7851 Highway 99E
 Los Molinos, CA 96055

Los Molinos High School has a set of rules and regulations by which students must abide. These rules and regulations are established by the California State Legislature, the Board of Trustees, and the administration acting at the direction of the Board of Trustees. Those who violate the rules and regulations must accept the logical consequences of their actions. Teachers normally deal with minor offenses, tardiness, rowdiness, unnecessary talking, etc. The administration deals with continued minor offenses and major misconduct. Legal options available in dealing with continued misbehavior will include parent conferences.

When a student is suspended, a detailed case study is developed and further suspensions will result in consideration for expulsion (permanent removal from school). This information will help students understand the procedures followed.

Please be aware that Education Code Section 48901 permits a teacher to suspend a student from class for the balance of the day plus one additional day -- without obtaining administrative approval. Students may not use or possess tobacco products on the school grounds. No adult may use tobacco products on campus. **This is a Tobacco Free School!**

Progressive Discipline

Los Molinos High School adopted a Progressive Discipline Policy during the 19-20 school year in an effort to support students in making clear choices about behavior while at school, and to intervene when those choices begin to affect them in a negative way. [Appendix A](#) at the back of this handbook shows the flowchart for how discipline is handled, and outlines the progressive steps taken to assist student in learning proper school behavior.

Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Students must notify school staff when they are being bullied or suspect that another student is being victimized. Reports of bullying by victims or witnesses may be made confidentially to the counselor or principal in person or in writing.

School staff who witness bullying must immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

Students may submit to a teacher or administrator a verbal or written complaint of conduct they consider to be bullying. Complaints of bullying shall be investigated and resolved in accordance with the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures.

When the circumstances involve cyberbullying, individuals with information about the activity are encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

STUDENT INSURANCE

An Accident & Sickness Insurance Program Student Coverage Plan – Myers-Stevens & Toohey & Co., Inc. is available for students. Detailed information on coverage and prices on these policies is available in the Main Office.

All students who participate in interscholastic athletics must have insurance coverage. The State of California requires that students have \$1500 accidental injury coverage. This may be carried privately by the student or his family or it may be obtained through the school. Students whose parents have private insurance will be given a form to complete indicating the type of coverage.

Boys participating in tackle football should have their parents check to determine whether tackle football is included in their policy. If it is not, it is possible, in many cases, to attach a rider to the policy to cover tackle football at a price cheaper than the rate paid by the student for the school insurance.

WORK PERMITS

Work Permit applications can be picked up and questions answered in the Main Office once the minor has secured a job. Work Permits are issued to a specific employer and are good only for that employer. Restrictions apply to minors contingent upon age.
